

Career fair

2023

27 February to 18 March 2023, University of St. Gallen

8 March 2023 – Career fair

An event by the University of St. Gallen

Career Fair Guide

The HSG Talents is the University of St.Gallen's (HSG) official career event. Companies from a wide range of industries will be on campus for over three weeks to take part in the variety of modules on offer. The centrepiece of the HSG Talents is the career fair on 8 March 2023 at the Olma exhibition centre, where you will have the chance to present your company to over 1,700 students at your individually designed booth during a whole afternoon. This will allow you to give the students a better idea of what your company is all about and to answer their questions face to face. In this document you will find all the information about the HSG Talents 2023 career fair.

Registration is now open

You can register for the HSG Talents on our website hsgtalents.ch. As an initial step, we will ask you for the dimensions of your booth plus your contact and invoicing details. You can also book additional HSG Talents 2023 modules [here](#).

Booking your booth facilities

After we have received your registration, we will send you all of the information needed to book your booth facilities (e.g. Eco 9) and furniture in a timely manner. If you would like a corner booth, please indicate this during this stage as well. Corner booths can also be booked here for an additional charge of at least CHF 400 or 10% on top of the overall floor space. Corner booths are allocated on the basis of availability.
